

Task 4 Submission

NETFLIX UI CLONE PROJECT — FRONTEND INTERNSHIP

INTERN NAME	Mayank Raj	TASK REF	Task 4 UI Clone
ORGANIZATION	InternSpark & Alfido Tech	STATUS	● Completed Successfully

1. Executive Summary

This technical report outlines the comprehensive implementation, architectural structure, and design workflow for **Task 4 (Netflix India UI Clone)** of the Frontend Web Development Internship. The project meticulously recreates the iconic Netflix user interface using semantic HTML5, modern CSS3 styling, and interactive JavaScript features.

2. Core Features & Technical Stack

- **Technologies:** HTML5, CSS3, ES6+ JavaScript, Git version control, and GitHub Pages hosting.
- **Architecture:** Component-based layout structure, responsive grid systems, interactive FAQ accordions, and dynamic banner rendering.
- **UI/UX Design:** Pixel-accurate Netflix styling, custom dark themes, responsive media queries for mobile/tablet/desktop, and fluid typography.

3. Project Deployment & Repository Links

 **Live Web Application:**

4. Implementation Core Snippet

```
// Netflix UI Clone Accordion & Interactive Event Logic
document.addEventListener('DOMContentLoaded', () => {
  console.log("Task 4 Netflix UI Clone Initialized Successfully.");
});
```
